#### G. ORAL PRESENTATIONS/SITE VISITS:

At the conclusion of evaluation and discussion of the written proposals, the State may (at the evaluation committee's sole discretion) request an oral presentation of the most favorable proposals. *Offeror should not, however, prepare the written proposal with the assumption that an opportunity for oral presentations or revisions will be offered; rather, the most favorable proposal should be submitted as their initial written submittal.*

Should the evaluation committee decide not to award solely based on initial proposals, then those proposals in the competitive range (those most responsive to the requirements and reasonably susceptible of being selected for award) will have an opportunity to make an oral presentation. The oral presentation may include a discussion for the purpose of clarification and to ensure full understanding of and responsiveness to solicitation requirements. The same criteria for evaluation will be employed and each committee member will be provided the opportunity to modify their original evaluation. Following all oral presentations, the committee will again discuss their individual evaluations. If the evaluation committee requires such presentations, the State will schedule these sessions for the purpose of:

- Allowing the Offeror an opportunity to present its proposal to the evaluation committee;
- Allowing the Offeror an opportunity to demonstrate its background and capabilities in providing the requested services;
- Allowing the State an opportunity to obtain further clarification of proposal aspects and attempt to resolve any uncertainties;
- Resolving suspected mistakes by calling such perceived errors to Offeror's attention without disclosing information concerning other Offerors' proposals; and
- Allowing the State an opportunity to ask specific questions of the Offeror regarding its proposal offer.

Any presentations and/or site visits will be at the offeror's expense.

- H. ACCEPTANCE OF RFP TERMS: A proposal submitted in response to this RFP shall constitute a binding offer. Acknowledgment of this condition shall be indicated by the autographic signature of the offeror or an officer of the offeror legally authorized to execute contractual obligations. It is assumed by the offeror's response that it acknowledges all terms and conditions of this invitation for an offer. An offeror shall identify clearly and thoroughly any variations between its proposal

and the State's RFP. Failure to do so shall be deemed a waiver of any rights to subsequently modify the terms of performance, except as outlined or specified in the RFP.

- I. **PROTESTED SOLICITATIONS AND AWARDS:** Any actual or prospective offeror or contractor who is aggrieved in connection with the solicitation or award of a contract may protest to Chris Frenz, Interim Procurement Director, Division of Procurement, Department of Human Services, 1575 Sherman Street, Denver, CO 80203. The protest shall be submitted in writing within ten working days after such aggrieved person knows, or should have known, of the facts giving rise thereto. Reference C.R.S. Title 24, Article 109.
- J. **CONFIDENTIAL/PROPRIETARY INFORMATION:** Any restrictions of the use or inspection of material contained within the proposal shall be requested prior to the submission of the proposal itself. Written requests for confidentiality shall be submitted, by the offeror prior to the proposal submission date. The offeror must state specifically what elements of the proposal that would be considered confidential/proprietary. The Division of Procurement will make a written determination as to the apparent validity of any written request for confidentiality, the written determination will be sent to the offeror.

Requests that are granted shall use the following format:

- Confidential/proprietary information must be readily identified marked and separated/packaged from the rest of the proposal.
- Co-mingling of confidential/proprietary and other information is NOT acceptable. Neither a proposal, in its entirety, nor proposal price information will be considered confidential and proprietary.
- Any information that will be included in any resulting contract cannot be considered confidential.

After award, the offers shall be open to public inspection subject to any continued prohibition on the disclosure of confidential data, C.R.S. Title 24, Article 72, Part 2 as amended.

- K. **RFP RESPONSE MATERIAL OWNERSHIP:** All material submitted regarding this RFP becomes the property of the State of Colorado. Proposals may be reviewed by any person after the "Notice of Intent to Make an Award" letter has been issued, subject to the terms of C.R.S. Title 24, Article 72, Part 2 as amended.
- L. **PROPOSAL PRICES:** Estimated proposal prices are not acceptable. Best and final offers may be considered in determining the apparent successful offeror. Proposals shall be firm for a period of not less than One hundred eighty (180) calendar days from the date of award.

M.EVALUATION: The evaluation will identify the proposals that most effectively meet the requirements of this RFP. The work will be offered to the Offerors whose proposals, conforming to the RFP, will be most advantageous to the State of Colorado, price and other factors considered.

The State of Colorado will conduct a comprehensive, fair and impartial evaluation of each proposal received. First, all proposals will be submitted to the Division of Procurement for acceptance. The Division of Procurement will be responsible for ensuring that:

- The Offeror's proposal complied with the due date and time.
- The Offeror's "Colorado Request for Proposal Signature Page" meets content and other requirements.
- The Offeror included the appropriate number of proposal copies.

Evaluation Process:

The Department plans an intensive, thorough, complete and fair evaluation process. Proposals will be evaluated on both the proposed service and the cost of the service. The evaluation will be performed and an award recommendation made to the Division of Procurement by the Evaluation Committee. Evaluation Committee Members will be selected who do not have a conflict of interest in this procurement.

The Evaluation Committee will be responsible for the evaluation process that will include the following steps:

- Review proposals for any conditions that may disqualify the Offeror and to ensure that required terms and conditions have been met.
- Review proposal content, contact references and assign a preliminary score to each factor for each proposal.
- Determine whether, as part of the deliberations, any Offerors will be invited to participate in discussions with the Committee. (Offerors would be those who, based on preliminary scores, are reasonably susceptible of being selected for the award.) However, proposals may be reviewed and determinations made without discussion. Therefore, it is important that proposals be complete, and Offerors should recognize that opportunity for further explanation may not exist.
- Oral presentations, if required, for invited offerors to demonstrate their proposed service.
- Adjust points or ratings as necessary.
- Best and final offers may take place at the State's option.
- Make final selection recommendation to the Division of Procurement.

N. PROPOSAL SELECTION: Upon review and approval of the evaluation committee's recommendation for award, the Division of Procurement will issue a "Notice of Intent to Award" on Colorado-VSS. A notice will be sent to all offerors indicating the notice of intent has been posted. A contract will be completed and signed by all parties concerned on or before the date indicated in the Schedule

of Activities. If this date is not met, through no fault of the State, the State, at its sole discretion, may elect to cancel the "Notice of Intent to Award" notice and make the award to the next most advantageous offeror.

- O. AWARD OF CONTRACT: The award will be made to offeror(s) whose proposal, conforming to the RFP, will be the most advantageous to the State of Colorado, price and other factors considered.
- P. PROPOSAL CONTENT ACCEPTANCE: The contents of the proposal (including persons specified to implement the project) of the successful offeror will become contractual obligations if acquisition action ensues. Failure of the successful offeror to accept these obligations in a contract, purchase document, delivery order or similar acquisition instrument may result in cancellation of the award and such offeror may be removed from future solicitations.
- Q. STANDARD CONTRACT: After award and before Contract execution the successful Offeror must be registered to do business in the State of Colorado. This registration is maintained through the Colorado Secretary of State Office. (<http://www.sos.state.co.us/>) If Offeror is a foreign corporation (formed under a statute or common law in a jurisdiction other than Colorado) or other foreign entity transacting business in the State of Colorado, shall warrant that it currently has obtained and shall maintain any applicable certificate of authority to transact business in the State of Colorado and has designated a registered agent in Colorado to accept service of process.

Except as modified herein, the standard State Contract Terms and Conditions and the Sample Model Contract (attached separately on VSS as Exhibit A) included in this RFP shall govern this procurement and are hereby incorporated by reference. Please note this Model Contract lists the State's required legal provisions but does not include the specific scope of work and requirements for this RFP. This SOW and other specifics will be attached to the awarded offeror's contract as an exhibit.

The Offeror is expected to review the attached Model Contract and note exceptions. Please note that this contract may be different than the contract resulting in this RFP. This solicitation is to establish a Task Order based contract that does not reflect in this sample contract. Offerors agreeing to abide by the requirements of the RFP are also agreeing to abide by the terms of the Model Contract. Unless the Offeror notes exceptions in its proposal, the conditions of the Model Contract will govern. It may be possible to negotiate some of the wording in the final contract; however, there are many provisions, (such as those contained in the Special Provisions pages) which cannot be changed. Offerors are cautioned that the State believes modifications to the standard provisions, terms and conditions, and Special Provisions constitute increased risk to the State and increased costs. Therefore, the scope of requested exceptions is considered in the evaluation of proposals.

- R. RFP CANCELLATION: The State reserves the right to cancel this Request for Proposal at any time, without penalty.
- S. STATE OWNERSHIP OF CONTRACT PRODUCTS/SERVICES:  
Proposals upon established opening time become the property of the State of Colorado. All products/services produced in response to the contract resulting from this RFP will be the sole property of the State of Colorado, unless otherwise noted in the RFP. The contents of the successful offeror's proposal will become contractual obligations.

The State of Colorado has the right to retain the original proposal and other RFP response materials for our files. As such, the State of Colorado may retain or dispose of all copies as is lawfully deemed appropriate. Proposal materials may be reviewed by any person after the "Notice of Intent to Make an Award" letter(s) has/have been issued, subject to the terms of Section 24-72-201 et seq., C.R.S., as amended, Public (open) Records. The State of Colorado has the right to use any or all information/material presented in reply to the RFP, subject to limitations outlined in the clause, Proprietary/Confidential Information. ## **SECTION III**

### **BACKGROUND, OVERVIEW AND GOALS**

#### **Background**

The Colorado state government is dedicated to using data and evidence in our statewide policy making and impact evaluation. Several initiatives in the past few years highlight the state's commitment, including the launch of the Lean Performance Improvement program in 2011, the passage of the State Measurement for Accountable, Responsive, and Transparent Government (SMART) Act in 2013 formalizing a performance management system in Colorado and the launch of the Colorado Results First Initiative in 2014. The state has an ongoing interest to continue: evaluating the impact of public policy choices, designing improvements to existing programs, and piloting new interventions intended to benefit residents. The state seeks outside partner(s) to support this interest.

#### **Purpose**

Identify and establish ongoing relationship(s) with highly qualified partner(s) for the state who can conduct rigorous data-driven studies of policies and programs. In particular, we seek to remove the pain point for individual Departments to conduct lengthy and / or redundant contracting for services that a single or multiple partners can deliver successfully. This procurement will identify one or more winners who will become preferred partners for the state to then contract for specific research engagements which will be negotiated separately.

Following award of this RFP, using agencies may engage in an additional selection process to solicit bids from the awarded vendors to determine the award for the using agency's specific project. Using agencies with an individual project estimated to exceed **\$1 Million** will be required to solicit bids from all vendors awarded under this RFP.

## **SECTION IV**

### **REQUIREMENTS / STATEMENT OF WORK**

There are no mandatory tasks or activities for the winner(s) of this original solicitation. Once winner(s) are selected, if an agency has a specific program evaluation need they can work with the winner(s) to further scope out this work and execute a contract. Selection of vendor(s) under this Request for Proposal ("RFP") triggers an additional process whereby (1) the vendor will be added to a "short list" of preferred vendors; and (2) the "short-list" vendors will be eligible to negotiate contracts with the State of Colorado and the Colorado Department of Human Services based on the proposals vendors submit in response to this RFP and subsequent negotiations with the State. To the extent that any provision contained within this RFP conflicts with this Section IV, this Section IV governs. The likely tasks / activities included in that scope of work could include:

- Provide randomized controlled trials, quasi experiments, and pre and posttest outcome studies, correlational analysis, fidelity of implementation, and other types of evaluation to programs based upon individual project needs.
- Produce written reports per project from the analysis based on program evaluation needs.
- Collaborate with state agency to select evaluation designs if not provided.
- Provide continued technical assistance and project management per project as delineated in individual proposals.

#### **A. EVALUATION OF PROPOSALS**

The award decision ultimately is a business judgment that will reflect an integrated assessment of the relative merits of the proposals using the factors set forth in the RFP.

The Department intends to award the contract to the Offeror whose proposal, conforming to the RFP, will be most advantageous to the Department, price and other factors considered.

The Department will conduct a comprehensive, fair, and impartial evaluation of the proposals received in this solicitation effort. A Proposal Evaluation will evaluate Proposals that meet the minimum general requirements. Evaluation criteria for the proposals will be used for the purpose of ranking the proposals in a relative position based on how fully each proposal meets the requirements of this RFP. Such ranking will not necessarily be conclusive in selection of a prospective Contractor, but will be evaluated with other information that may come to the attention of the State, and may, in their judgment, impact the prospective Contractor's ability to perform the services.

Offerors should not assume that they would have an opportunity for oral presentations or revisions of proposals. Therefore, Offerors should submit their most favorable proposal as their initial proposal. If an award is not made based on the initial proposals, Offerors considered most competitive may be provided an opportunity to make an oral presentation. The competitive range determination will be based exclusively on the written proposals. Offerors are therefore cautioned to ensure that their proposals adequately convey a sound approach and a comprehensive understanding of the scope of work requirements. If proposal revisions are permitted after the conclusion of oral presentations and discussions, the Department will establish a date, in writing, for submission of best and final offers. The purpose of this step would be to submit revisions only, not to submit comprehensive proposal rewrites.

### **D. BASIS FOR AWARD**

The business and technical factors will be assessed based on the soundness of the Offeror's overall approach and the Respondent's understanding of the requirements. The experience and/or demonstrated capabilities factor will be assessed by considering the extent to which the qualifications, experience and past performance are likely to foster successful, on-time performance. Strategies for meeting expedited implementation timeframes will be assessed based on their reasonable likelihood of success. Assessments may include a judgment concerning the potential risk of unsuccessful or untimely performance, and the anticipated amount of State involvement necessary (beyond that reasonably necessary) to ensure timely, successful performance.

The State may contact client references provided, and in addition, obtain information concerning the Offeror's performance on other work performed for the State of Colorado. Client references will be used as a verification of information provided by the Offeror and as a means to validate the performance of the Offeror on prior work and will have a bearing on the scoring of Proposals. The State cannot assume any liability for statements made by client references provided by Offerors

The Offeror recommended for an award must provide (upon request) documentation of financial responsibility, financial stability, and sufficient financial resources to provide the services sought in this RFP. This response must include financial information by which the State may reasonably formulate an opinion about the relative stability and financial strength of the Offeror and a credit rating by a rating service. These statements shall include at least a balance sheet and income statement (including footnotes). These statements must be certified by a certified public accountant (CPA).

The State may disqualify from consideration any Offeror who is involved in bankruptcy proceedings or whose financial condition is deemed to pose a risk to the State for successful performance of the contract.

#### **E. PERFORMANCE OF AWARD**

Proposed changes or exceptions to any requirement, or State's Contract Terms and Conditions (Exhibit A), may disqualify Offeror's proposal response from consideration. A completed contract is expected within 30 days following the letter of intent to award. In the event a contract is not signed (through no fault of the State) by the awarded Offeror within 30 days, and barring any protest that may delay the completion of a contract, the State may elect to cease negotiations, withdraw the award, and award to the next most advantageous Offeror.

#### **F. COOPERATIVE PURCHASING**

This solicitation and the resulting contract(s) shall be a cooperative purchasing agreement, pursuant to CRS 24-110-201 et seq. All Executive Branch state agencies are included in this solicitation and any resulting contract. CDHS will be the primary state party to the contract.
